NEXT MEETING IS TO BE HELD HERE

1915 Session of Sixth District Federation of Woman's Clubs Comes to Rushville.

DELEGATES DECIDE TODAY

Mrs. T. Benton Henley of Carthage is Elected Vice-Chairman— Other Officers Chosen.

(Special to the Daily Republican.)
Richmond, Ind., May 22.—The delegates to the Sixth District Federation of Woman's Clubs this afternoon chose Rushville as the place for the 1915 meeting. No other city extended an invitation.

Mrs. J. M. Hamilton of Brookville was re-elected chairman of the district and Mrs. T. Benton Henley of Carthage, Rush county, was elected vice-chairman to succeed Mrs. J. M. Larimore of Greenfield, Mrs. O. L. Stivers of Liberty was re-elected secretary-treasurer.

The Richmond Palladium yesterday conceded that Rushville would win the 1915 meeting of the district federation largely because no other city intended to bid for the season.

The next to the last number on the program this afternoon was to be a violin solo by Miss Leona Thomas of Arlington, a talented girl whose study has been directed and whose teaching has been paid for in a large measure by the Ladies Musicale. Following her solo was to come the closing address by Miss Vida Newsoms of Columbus, president of the state federation.

Other features of this afternoon's program was a piano solo by Mrs. Karl Allison of Richmond, reports of committees, report of the district chairman and a resume of the federation work in the district by Mrs. Minnie Wilkin of Connersville.

This morning's program opened with music by a quartet of Richmond women and was followed by greetings from the general federation by Mrs. M. F. Johnson, chairman of the are committee. Mrs. O. L. Stivers of Liberty read the secretary-treasurer's report and the reports of county chairmen were heard. After a vocal solo there was a round table discussion on the report of the co-operative blind committee, made by Mrs. E. M. Montgomery of Shelbyville. Mrs. Phoebe Bracken of Brookville spoke on "Why Indiana Needs a New Constitution." "The Spread of the Library Spirit" was the subject of a talk by Mrs. A. K. Moffett of Elwood.

According to Mrs. M. J. Hamilton, of Brookville, district chairman, the conventions within the last few years have aroused increased interest and attracted many visitors in additions to the regular delegates.

With Mrs. Hamilton presiding the convention opened at 2 o'clock yesterday afternoon with a concert by the Garfield orchestra, under the direction of Miss Elizabeth Sands, followed by reports from committee chairmen, having in charge special branches of work being advanced by the district federation.

Five minutes report were given on the following work by the chairmen: Country life, Mrs. W. E. Dickson, Brookville; history, Mrs. S. S. Harrell, Brookville, parent-teacher, Mrs. Walter Saxon, Connersville; press, Mrs. G. E. Mullen, Brookville; industrial and social, Mrs. R. M. Hicks, Cambridge City; art, Mrs. William F. Starr, Richmond; library extension, Mrs. Barnhardt, Richmond; forestry and water ways, Mrs. Geo. R. Cox, Connersville; health, Mrs. Garrett Pigman, Liberty; civils, Mrs. F. W. Stephens, Richmond; lit-

HOPES FOR A LARGE CROWD

M. E. Society Wants Good Audience for Mrs. Bernheim.

A large crowd is expected to hear the address of Mrs. Celestine Bernheim, of Chicago, field secretary of the Woman's Home Missionary society, at the St. Paul Methodist church Monday night. Mrs. Bernheim will attend the annual district meeting to be held in Shelbyville Tuesday and will come here Monday. Her lecture here is given under the auspices of the local society and is open to the public. Mrs. James E. Watson will entertain the society Monday afternoon at two-thirty o'clock in honor of Mrs. Bernheim.

WITNESSES SAY HE IS NOT INSANE

Evidence of Defense in Guardianship Suit Tends to Show Alfred Hood is of Sound Mind.

3 DOCTORS GIVE TESTIMONY

The defense began introducing evidence this morning in the case of Hettie Cook and Valeria Dickey against their father, Alfred Hood, for the appointment of a guardian. The witnesses included many of the close neighbors of Mr. Hood and the evidence tended to show that he was not insane and was not easily influenced. Three physicians testified that they believed Mr. Hood was a person of sound mind. The physicians were Drs. Paxton and Elliott of this city and Dr. Osborn of Glenwood.

The case continues slowly and it was hardly expected that all the evidence would be in when court adjourned Saturday afternoon. From present indications the case will go to the jury some time Tuesday or late Monday afternoon. It was stated today the sale at the Hood farm was held ten days after Mrs. Hood's death and not two days.

FINDS BOTH GUILTY OF ASSAULT CHARGE

Mayor Bebout Fines Theodore M. Edwards and John B. Snider Each a Dollar and Costs.

DISMISSES PROVOKE CHARGE

Mayor Bebout this afternoon returned his verdict on the four cases heard Monday night in police court, finding Theodore M. Edwards and John B. Snider guilty of assault and battery, but not guilty of provoke. Both were fined one dollar and costs. The men are brothers-in-law and reside in the northwestern part of the city. It is understood that the trouble between them is of long standing and the climax came several weeks ago when each filed two charges against the other. Both were charged with assault and battery and with provoke. All four cases were heard by Mayor Bebout in police court Monday night. The cases were taken under advisement and the decision was made this afternoon. The men have not yet been arraigned in court to see what they will do about the fines.

EXPECT AT LEAST 150 AT BANQUET

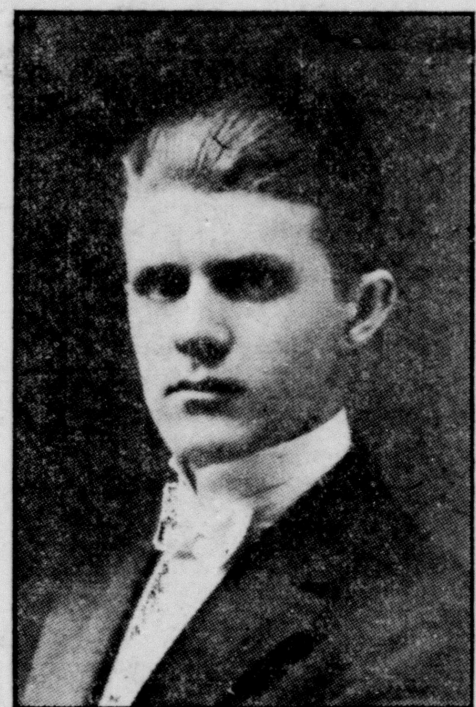

Arrangements Committee of High School Alumni Association Has Almost 100 Reservations.

ENTIRE PLAN IS CHANGED

Pictures of Graduating Classes of Past Will be on Exhibition— Entertainers Coming.

The committee having in charge the arrangements for the biennial meeting of the Rushville High School Alumni association, which will be held in the basement of the First Presbyterian church Thursday evening, May 28, expect at least a hundred and fifty. There are practically a hundred reservations now for the banquet and the cards calling on alumni to answer whether they could attend have been out only a week. Dr. F. G. Hackleman, president of the association, requests that alumni reply promptly to the cards so that the committee may know just how many will be seated at the banquet.

A new feature, in addition to doing away with the toast list and having an entertainment instead, will be tried out. The committee has obtained as many pictures of graduat-

WOOD NICHOLS.

ing classes of the Rushville high school as possible and they will be posted on the walls so that old "grads." may see how they looked when they just finished school. This is expected to attract considerable attention.

The committee on arrangements has been warmly praised for its change of method. Instead of following the proverbial banquet program—carrying out a long, often dry toast list, the committee has perfected plans to entertain the crowd royally.

Wood Nichols of Indianapolis, Clarence Ball and George Kadel of Greencastle will furnish a program with the DePauw university glee club and is said to be a finished monologist and entertainer. Ball and Kadel are students in DePauw university and are members of the university glee club. Ball was soloist with the club for two years.

It is requested by the arrangements committee that any alumnus who has not received a card to reserve a plate notify the committee, either Dr. Hackleman, Miles S. Cox or Miss Anna Bohannon at once. The list of graduates is not complete and for that reason it is feared many graduates have not received notice of the meeting.

—Charles Norris, who moved here a few days ago to Peoria, Illinois, is back here on business for a few days.

EXPECTS GREAT THINGS OF DAY

S. W. Dungan, First Diapason Teacher in Rush County, Will Attend Morristown Meet Sunday.

WRITES TO JOHN A. SPURRIER

Wants Him to Lead Old Folks Chorus and Arrange For an Old Folks Quartet on Program.

John A. Spurrier received word from S. W. Dungan, of Franklin, the first teacher of Diapason music in Rush county, that he will attend the meeting of Diapasons in Morristown next Sunday and that he will bring his quartet with him. As is the custom, a large crowd will go from this city and county for the annual gathering at Morristown Sunday.

In a letter to Mr. Spurrier, Mr. Dungan says he has promised the Morristown class that he will be present and that he is delighted to hear that Mr. Spurrier and Lon Tribby of Arlington, former president of the association and assistant to Mr. Spurrier as precentor, will attend.

Mr. Dungan makes a personal request that Mr. Spurrier lead an old folks chorus. He also suggests that there be an old folks quartet on the program and urges Mr. Spurrier to work it up. Mr. Dungan asks that as many of the former pupils as possible attend so that at least one more fine reunion may be held. He closes with an expression of keen anticipation for the meeting.

Mr. Dungan is a most unusual man. Although almost eighty years of age, he still takes great interest in music, especially the Diapason which he taught in Rush county so many years ago. He conducts the choir in a Franklin church and never misses a service.

Nearly three quarters of a century ago the young people of Morristown community organized a singing school at Asbury Chapel, the leader being Dr. David S. McGaughey, a young physician from the East, who possessed a pleasing personality and a good voice.

He taught them in the old Missouri harmony and the class held together for several years, even after many of his members had married and reared families. In the course of years the children organized a singing school and used the Diapason.

In 1870 the former Missouri harmony singers met to sing the old songs together again. The meeting was on the fourth Sunday in May and was so successful that it was made a permanent event, with Dr. McGaughey, then an old man, again the leader. He led till his death in 1884, his successor being Dr. M. M. Adams of Noah.

Dr. Adams died after three years and W. W. Woodyard continued until his death in 1908. He was the last survivor of the charter members of the class. Of those who became members of the class later the only survivors are Mr. and Mrs. Lemuel Hackleman of Morristown.

During the latter years, when the old class became small and its members feeble, their children, the Diapason singers, would assist, and the Diapasons now hold the singing alone in memory of their parents.

The institution, for such it may be called, in connection with the history of Morristown, has advertised the town far and wide and the annual singing never fails to attract a crowd. It is now the home-coming event of the year for Morristown and visitors come from many states.

BIG VALUATION INCREASE

Almost Without Precedent, According to Unofficial Figures.

(By United Press.)
Indianapolis, Ind., May 22.—An almost unprecedented increase in valuations over the state is shown by unofficial totals made today from the public records of the tax board which closed its work yesterday. The net increase in the total valuation of all properties assessed by the board in 1914 over 1913 is 6,215,447. The net increase in 1913 over 1912 was only \$3,807,299.

REPUBLICANS ARE OVER 100,000 AHEAD

Returns From 51 of 67 Counties in Pennsylvania Today Indicate Big Lead in Primary.

PROGRESSIVE VOTE LIGHT

(By United Press.)
Harrisburg, Penn., May 22.—Returns from fifty-one of the sixty-seven counties in the state indicated today that the Republicans polled a total of about 360,000 votes in Tuesday's statewide primary election.

The Democrats are believed to have polled between 200,000 and 225,000 votes. The Washington-Progressive party polled a very light vote and no figures can be had at present.

Complete returns of the vote for all candidates had been received today only from 19 counties. The vote ran forty per cent of registration in rural sections and 65 per cent in Philadelphia.

JOHN R. SILLIMAN IS AT MEXICO CITY

Missing American Vice Consul Reaches Mexican Capital and Profound Relief is Felt.

WASHINGTON IS NOTIFIED

(By United Press.)
Mexico City, May 22.—John R. Silliman, American vice-consul at Saltillo whose mysterious disappearance almost opened up the breach between the United States and Mexico, arrived here safely and in good health this afternoon.

Silliman's appearance was received with profound relief in the Capital and a dispatch was at once sent to the state department at Washington. The vice-consul, who was a classmate of President Wilson's, was said to have been held a prisoner by the Federals at Saltillo for more than two weeks. The administration made strong representations to Huerta demanding Silliman be produced or his disappearance satisfactorily explained. Huerta promised several times to clear up his disappearance. His appearance here this afternoon was the first definite word that has been received concerning him for two or three weeks.

GWIN GIVES BOND TODAY.
(By United Press.)

Indianapolis, Ind., May 22.—Fabius Gwin, Taggart henchman and Democratic leader in the second district, appeared at the office of the U. S. marshal this afternoon and gave bond. He was indicted by the federal grand jury during its investigation of the alleged scheme to beat the civil service. His bond was signed by State Treasurer Volmer.

IS GROWING JUST LIKE COW'S TAIL

Beveridge Party in Indiana is Going downward Instead of Upward as Was Predicted.

RESULTS FROM LAKE COUNTY

T. R. Carried County With Vote of 5,659 in 1912, But Primary Vote Was Less Than 500.

(Special to the Daily Republican)
Gary, Ind., May 22.—The politicians of the Beveridge party in Indiana protest loudly that their party is growing. The results of the primary in Lake county would tend to bear out this contention. Yes, this party is growing—like a cow's tail—downward. The Progressives were strong here in 1912. T. R. having carried the county with a vote of 5659. However in the primary yesterday the vote of the Beveridge party was almost too light to count. Less than 500 Progressive votes were cast in this county which the Indianapolis Star said ten days ago would roll up a mammoth plurality for Progressive candidates.

The fact of the matter is little is ever heard in this section of the state about the Progressive party. No attention whatever is paid to the lamentations of the professional politicians, who for one reason or another, are still trying to make a noise. Make an inquiry of an ordinary voter about the condition of the Progressive party in this section of Indiana and he will stare at you as if wondering if you were a visitor from Mars or some other foreign port. The effects of the Democratic tariff bill have made Republicans by the hundreds in this county and it will make many more hundreds at the expense of the Democrats before election day.

The terrific slump in the vote of the Beveridge party in this county was almost equalled by the slump in the Democratic vote. It takes a brave man to stand up for the free trade Democratic tariff bill in this section of Indiana. Anyone trying to defend the Underwood measure is promptly confronted with evidence of demoralized commercial and agricultural condition that are the direct result of the operations of this tariff law. Yesterday's primary is but the preliminary notice that Lake county will prefer the Republican state and congressional tickets in November by a plurality of not less than 5000.

Make Your Windows Talk

A properly trimmed window is a great business builder.

What is better to put in your display than the things the people want to see.

Suppose there is an advertising campaign on in the local newspapers exploiting some article that happens to be in your stock.

Naturally, that name is in the public mind and there is a desire to see that particular article. Then is the time to put it in your windows and let the public know you are on the job.

People like a live store, and they naturally class the merchant who shows them what they want to see as one who is alert to his and to their opportunities.

Make your windows talk at the right time.

Floor Coverings--Draperies

Why Not Pay More?

For Sherwin-Williams Paint Than For Some Others

REASON No. 1—Because there is 20% more pigment in a gallon can and pigment costs more than oil.
REASON No. 2—Because the formula is on the can; you get just what you pay for—an honest paint.
REASON No. 3—There is no coal oil or cheap mineral oil in it.
REASON No. 4—It has stood the test for 60 years and more calls than any 3 mixed paint on the market.
Why, there must be a reason. Come in, let us talk paint to you.

If You Were Indicted for Murder===

would you care to be tried before a jury whose minds were on other affairs and who would not listen to your testimony? The chances are you would want men who would give their whole attention to your case. You may never be tried for murder but the same proposition applies to every business transaction you make. When you want to buy an article go to the man that specializes that article. Now for instance if you need a vehicle of any kind—that is where I ring in. That is why I can give you better vehicle values, better styles and better service. My whole time and attention is centered on one thing. Every day in the year, Mr. Vehicle Buyer, I am working to obtain better prices and better style for you to make your selections from. Place your business with a man who creates new styles and is working at the business every day to give you satisfaction. I want your vehicle business and don't you think it is a better proposition to place it with me than with some one that is selling buggies as a side issue?

CREATES NEW DEPARTMENT

Kansas Agricultural College Opens
Today Rural Service Branch to
Solve Country Life Problems.

NOT ALL PERTAINS TO HOGS

Will Organize Community Welfare
Clubs, Social Centers and Literary Societies Among Farmers.

(By United Press.)

Manhattan, Kas., May 22.—Realizing that the rural life problems in Kansas include more than corn and pig questions, the Kansas Agricultural College today has a new department—the Rural Service Department—and chosen Rev. Walter Burr of Louisville, Kansas, to direct its work. President Waters today is hopeful that the department will be of real service to the rural life of the state.

Mrs. Burr's department finds plenty of work already outlined, much of which heretofore has been carried on in a limited way as the Division of College Extension. The department of rural service will be expected under the rural welfare division to organize Community Welfare clubs; organize social centers, literary societies, etc.; co-operate with the churches for welfare work; co-operate with women's clubs for welfare work; co-operate with the state board of health on rural health problems; conduct social surveys in rural communities; address religious conferences; promote musical organizations; address farmer's institutes; conduct rural chautauquas; write articles and pamphlets on rural life problems and correspond with persons interested in rural service.

The rural education division will supervise boys' Agricultural clubs and contests, girls' garden, bread, canning and other contests; Boys' and Girls' study clubs for the school year; outlining supplementary school study of agriculture and domestic science; supervise field work in promoting vocational education and revitalize rural villages and schools; plan and conduct boys' camps; promote proper athletic relations in rural communities; address teachers associations, school officers' meeting, chautauquas; attend farmers' institutes; conduct two-day classes invocations subjects for rural teachers.

EASY TO DARKEN YOUR GRAY HAIR

Try this! Mix Sage Tea and Sulphur and brush it through your hair, taking one strand at a time.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use tonic called "Wyeth's Sage and Sulphur Hair Remedy." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and after another application or two, your hair becomes beautifully darkened, glossy and luxuriant. You will also discover dandruff is gone and hair has stopped falling. Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur and look years younger.

MAY NOT RECOGNIZE CARRANZA DELEGATE

Indication This Afternoon Was That A. B. C. Mediators Would Not Accept Constitutionalists Envoy.

IT IS BRYAN'S SUGGESTION

(By United Press.)

Niagara Falls, May 22.—Every indication this afternoon pointed to refusal of the A. B. C. mediators formally to receive the representative of the Constitutionalists. If Jose Vasconcelos arrives here he will be regarded by the envoys merely as a newspaper man and not in the capacity of a delegate from Carranza.

Conference with the Huerta delegates developed that the Mexicans were willing to let the envoys decide the matter. The ambassadors thereupon were understood to have adopted the view that as General Carranza had refused to suspend hostilities and had formally refused to take part in the mediation conference, he should not be recognized.

As the suggestion that Vasconcelos came to Niagara Falls was said to have been Secretary Bryan's, it was expected the mediators might encounter pressure from the state department looking to some other sort of a reception for a Carranza delegate.

NEXT MEETING IS TO BE HELD HERE

Continued from Page 1.

erature, Mrs. Harvey Barnett; reciprocity, Mrs. Ned Abercrombie, Rushville.

Because this system of working through chairmen of the different branches is practically new and has only been in operation in any systematic manner since the first of November, 1913, the reports were not as detailed and full as the delegates expect at the next convention, when the system will have been employed for more than a year.

Contrary to the expectation of many, Mrs. Hamilton said, suffrage and the appeal for the franchise would not occupy a prominent place in this year's discussion, the convention's time being taken up with other considerations which concern the activities of the clubs in their home towns and which will enable them to make themselves forces for improvement in the communities without the use of the ballot.

It is generally conceded among the delegates that a movement will be started from the floor of the convention to put a stop to the entertainment of guests in the homes of the hostesses without charges.

POOR PAY FOR SACRIFICE

Mellen Takes Morgan's Blame and is Forced From Presidency.

(By United Press.)

Washington, May 22.—Former President Mellen testified before the interstate commerce commission that, of course, he realized that if J. P. Morgan, the man really to blame, had been held responsible and had been indicted, it would have caused his death and that's why he took the blame. In payment for his sacrifice he was practically forced from the presidency of the New Haven by Morgan's son, he said. Mellen was deeply affected as he said this and tears were in his eyes. He ended his testimony today.

Richard Croker, as everybody knows, has a cynical wit. He aired it in a recent letter to a member of Tammany Hall apropos of a millionaire's charities. "To be canonized in American public opinion," he wrote "give publicity and steal privately."

Fly Time Here

The flies are reported slow in "arriving" this year but that should deter the faithful swatters who want to put a million or two under the sod this summer. Of course, you should have joined the fly-swatting brigade long ago, but the enlistment office is always open and the "general" is always ready for recruits. The state board of health has sent out some questions and answers regarding the fly which are enlightening:

Where is the fly born? In manure and filth.

Where does the fly live? In every kind of filth.

Is anything too filthy for the fly to eat? No.

Where does he go when he leaves the surface closet and manure pile and the spittoon? Into the kitchen and dining room.

What does he do there? He walks on the bread, fruit and vegetables. He wipes his feet on the butter and bathes in the milk.

Does the fly visit the patient with typhoid fever, consumption and cholera infantum? He does—and he may call on you next.

Is the fly dangerous? He is man's worst pest, and more dangerous than wild beasts or rattlesnakes.

What disease does the fly carry? He carries typhoid fever, consumption and summer complaint. How? On his wings and hairy feet. What is his correct name? Typhoid fly.

Did he ever kill anyone? He killed more American soldiers during the Spanish-American war than the bullets of the Spaniards.

Where are the greatest number of cases of typhoid fever, consumption and summer complaint? Where there are the most flies.

Where are the most flies? Where there is the most filth.

Why should we kill the fly? Because he may kill us.

When shall we kill the fly? Kill him before he gets his wings—kill him when he is a maggot in the manure pile—kill him while he is in the egg state.

How? Keep the stables dry and clean and don't allow any manure to stay on the premises longer than a week. Have all other filth and trash accumulated on your premises removed at least once a week.

If your neighbor fails to comply with these rules and allows flies to breed on his premises to visit you, screen your doors and windows and keep them out.

Lack of Support

Another Progressive newspaper has given up the ghost, the cause assigned being lack of popular support. The Ripley Banner, published at Osgood, Ind., which aspired to be the Progressive organ of the fourth district, was taken over last week by

the Osgood Journal. In the public announcement of the suspension, approved by Editor Henry Ellwood, appears the following:

"The reason which caused the sale was the present peculiar and uncertain political conditions and lack of financial support by Progressives and so-called Progressives who live in Ripley County and this district. Mr. Ellwood and family have, since coming to Ripley county, put brains money and hard work into the Progressive paper and also into other printed matter for the upbuilding of the Progressive party and received in return what is considered absolutely no support or encouragement."

From the Experience of Rushville People

We are fortunate indeed to be able to profit by the experience of our neighbors. The public utterances of Rushville residents on the following subject will interest and benefit many of our readers. Read this statement. No better proof can be had.

E. L. Hinkle, 641 N. Sexton St., Rushville, Ind., says: "In 1900 I was on the verge of Bright's disease. I had sharp pains in my back and was hardly able to walk. I couldn't rest well. A friend who had been benefited by Doan's Kidney Pills recommended them and I got a supply. I soon found that they were helping me and I continued using them until I was cured. I am glad to confirm my former endorsement of Doan's Kidney Pills."

WARNING GIVEN SPEEDWAY FANS

Coroner Durham Asks That Care be
exercised at Grade Crossings by
Autoists.

IMPRESSED SINCE ACCIDENT

Traffic Greatly Increased That Week
and Dangers Are Many—Four
Killed Sunday.

(By United Press.)

Indianapolis, Ind., May 22—Coroner Durham of Marion county today issued a warning through the United Press to all those in Indiana who intend to be present at the Speedway race May 30, asking them to exercise extreme care, both as drivers of automobiles and as pedestrians, in passing grade crossings. The danger of these crossings, especially to automobilists, has been impressed on him during the past few days, for he has been investigating the accident of last Sunday in which Thomas O. Stout and three others were killed at a grade crossing near Fort Benjamin Harrison.

"The traffic will be greatly increased during Speedway Week," said the coroner, both by automobiles and on railroads and interurbans. Indianapolis has some very dangerous grade crossings, hidden by buildings, and these should be guarded carefully during this week. Drivers should exercise extreme care."

Dr. Durham had little to say about the grade-crossing evil generally. He said he believed the fault was pretty evenly divided between the traction or railroad company and employees and the traveling public. Whereas some crossings are very dangerous, some drivers are very reckless. It is true, he said, that in case of fatalities, the dead cannot tell their side of the story, and the other side is enlarged upon.

He said that by virtue of their permanence and weight, the cars of the common carrier should be given right-of-way, but that rules strictly enforced should be thrown about the, preventing undue speed at grade crossings. Also, he said, dangerous crossings, such as the one at which the Stout automobile was struck, should be made safer.

At this crossing there were double tracks both for the interurban line and for the railroad. View of the approaching interurban was practically shut off by woods. The interurban tracks were on the far side from the automobile, and were lower than the railroad tracks, making it easily possible that Stout did not see these tracks. There was an up-grade which was another dangerous feature. According to Dr. Durham, the interurban probably was traveling at a high rate of speed, for it knocked the auto into bits, threw the bodies 50 or 60 feet and dragged part of the machine a good distance.

The Marion Bobcat

A Powerful Speed Car with Convenience and Comfort

In either the four or six-cylinder models the Marion Bobcat is everything that a speed car should be—low hung, sturdily built, powerful and fast. But a speed car to be of practical use must be more than this—it must be complete in every detail of its equipment—as complete as a touring car.

To make the Marion Bobcat the ideal touring roadster, we have added many exclusive features of equipment without sacrificing speed qualities. This car has a low hung top, boot and side curtain. When down, the top is out of the way. The Westinghouse electric starting and lighting system with dimmers on the headlamps for city use, demountable rims, Hartford shock absorbers, and Stewart Speedometer are other features of its splendid equipment. Exceptionally large luggage capacity and large gasoline tank give the Marion Bobcat a distinctive touring value. With its abundant power, proper distribution of weights and its equipment, it is an ideal car for long distance runs in hilly, sandy and rugged country. It is economical in

upkeep and mechanically excellent. The Marion Bobcat is not a car for a special class, but with its convenience and comfort, is a practical buy for any one.

The touring season is close at hand—fresh air, renewed vigor and health are yours to obtain after a hard winter. The Marion Bobcat will show you the beauties of the open road and do it safely, economically and constantly.

Before you buy your car this spring investigate the exceptional value of the Marion's "noted mechanical excellence."

Call or phone. One of our representatives will gladly explain the Marion construction and demonstrate the new Marion.

EXPECTS HARD GAME SUNDAY

Manager Fisher Looks For Battle
But Believes Rushville Will Beat
Connersville.

PATTERSON WILL PITCH

Team Will Lineup in Usual Manner—
Remington Has Several Play-
ers Known Here.

The first game of the season away from the old home lot will be played Sunday when the Arcadians journey to Connersville to do battle with Jack Remington's team. This is the first of the series with Connersville and while the locals expect a hard game Rushville expects to defeat Connersville.

The two cities have always been rivals in the baseball business and a record crowd should see the two teams perform at White Water park. Because of the traction accommodation a large crowd will go from this city for the game. The contest will be called at three o'clock.

The Rushville team will lineup in the usual manner. Patterson will start the game in the box for Rushville. The team will not be changed in the least as Manager Fisher believes that the team is strong enough to win. With Paterson going good he should win. If he pitches the article of ball that he did last Sunday the game will be a cinch.

The Connersville team has several players known to the local fans. Old Eli Cates is playing third base, Kiehl, who caught for the Y. M. I. team last year is doing the catching, Claude Maxwell, one time pitcher is playing first base, Bobby Klink is playing second and O'Connell, the Y. M. I. short stop is wearing a Connersville uniform this year. Who will pitch the game for Connersville is not known. It is understood that Manager Remington has been having trouble getting a pitcher and has not made known who will work.

The Rushville team will line up as follows: Mattern, catch; Patterson, pitch; Kinch, first base; Spellman, second base; Johannes, short; O'Dell, third; Pierce, left; Tompkins, center and Finley, right. The team is in good condition and will go to Connersville to win.

at Highway Meeting.

County Highway Superintendent, J. C. King has received notice of a state highway meeting to be held in Indianapolis May 28. All county superintendents and assistant superintendents are invited to attend the meeting and Mr. King hopes to have many of the men from Rush county attend. The meeting will be held in the Marion county court house and is open to anyone interested in good roads. Questions of importance dealing with road building will be discussed and the meeting will be in the nature of a school of instruction for the road superintendents.

WABASH AFTER NEW GYMNASIUM

Campaign for New \$75,000 Building
for Little Giants to Soon
be Started

TWO MEN WILL GIVE \$5000 EACH

President Mackintosh in Letter to
Alumni Urges That They
Give Support

(By United Press.)

Crawfordsville, Ind., May 22.—Every alumnus of Wabash college will in the near future be asked to contribute generously towards a fund to be used in the erection of a gymnasium. Wabash has no gymnasium at present, and is in great need of one, according to President G. L. Mackintosh, who is sending out the appeal. The proposed building will cost not less than \$75,000.

In introducing the subject, President Mackintosh says that a gymnasium may serve a moral end in student life. "The average young man," he says, "is possessed of a superabundance of animal vigor which must be woven into fabric of his being through systematic exercise. Otherwise, there is danger it may be carried into less desirable ends."

Two members of the board of trustees have stated they will contribute \$5,000 each, but as the president puts it, "it will be necessary for every Wabash man to do his best if we are successful."

Though the Little Giants have always been most successful in athletics, it has always been under the severe handicap of inadequate gymnasium facilities. It is believed that with a new building such as the one proposed, athletics here would be given a great impetus.

The president states that in the last quarter century only one building, Yandes Library Hall, has been erected on the Wabash campus.

Try The Great Kidney Remedy

It always gives me pleasure to recommend anything that is right and so I feel it my duty to herald the praises of Dr. Kilmer's Swamp-Root.

For years I was troubled with kidney disease and it was so intense that I was bedridden for days at a time. I gave up all hope and doctors for miles around gave me no help. Incidentally I tried several patent remedies and at last tried Swamp-Root. From the first it gave me relief and it was no time before I was able to be up and around and now I am perfectly well and able to work as I used to before my terrible sickness.

So now let me thank you for your wonderful discovery and take this opportunity to recommend it to all who suffer from kidney troubles.

Yours very truly,

TAFFETAS AND ROMAN STRIPES FOR BATHING SUIT TOO

At Palm Beach, taffetas took the lead for bathing suits; the darker suits, black and blue, were often relieved by sashes and trimming bands of Roman striped taffetas or a brilliant plain color. Many of the models were highly picturesque but at the same time practical and really intended for use; some were high waisted, some were belted low over the hips and others again were sashed at the normal waistline. It was noted that the skirts of some were decidedly short, displaying gathered bloomers or a pair of knee length trousers.

Whereas many of us are not fortunate enough to spend the season at Palm Beach we will all be interested in bathing suits before very long. The suit shown in number 8348 is developed in black taffetas and trimmed with a narrow Roman stripe. It is a long-waisted model and the bloomers and underwaist are cut in one; there is an inverted box-pleat at the back of the skirt and short, set in sleeves.

This suit may be made in size 36, with 6 3/4 yards of 36-inch material. The other suit (8359) shows a novel yoke into which the blouse is slightly gathered; the skirt is a three-piece model with a plait on either side. Dark blue taffetas is the material in which this dress is made up; collar, cuffs and belt are of white.

For size 36, this design requires 6 1/4 yards of 36-inch material. A dainty cap accompanies each of these patterns.

All Garments Must Answer to a Name to be Considered Up-to-date

BY MARGARET MASON
(Written for United Press.)

There's Sirene and Fifi,
Clarissa and Mimi,
And Irmgard chie, and Irene;
There's Fanchon and Flora,
Georgette and Adora,
Bonita and quaint Rosalena;
There's Edna, Felicia,
Cosette and Patricia,
Camilla, Aline and Marie;
And this is no harem—
You take 'em and wear 'em,
They're names of the new lingerie.

New York, May 22.—Even if your underwear doesn't answer to all the requirements of modesty and propriety these days is simply must answer to a name or it isn't up-to-date. Most any deluded Husband casting a weather eye over his wife's shopping list and catching such items as "one model Dorothea trimmed in pink ribbon" or "one pink and white Bottina, medium weight" would hastily offer to do her shopping for her. Quite the best he would get however would be a combination or a nightie not forgetting a good sized bill.

Just fancy calling your chemise by a pet name. You see they run in sets. For instance, there is the Marcelle combination, the Marcelle Envelope chemise, and the Marcelle nightgown all very Frenchy and hand made of sheerest batiste banded in pink and whitestriped madras. Think how embarrassing it would be to get mixed and call your domestic machine-made Eloise combination by a hand made name, it simply would not do at all. They really don't go in the same set, you know.

Aside from the novelty of naming the new lingerie there are lots of novelties in the cut, materials and trimmings also. More and more color is creeping into the underwear and dainty pink particularly lies faintly blushing against my lady Fashions satin skin.

The trimming of nightgowns, combinations, chemises and drawers in bands of pink and white, blue and white, green, white, or lavender batiste is also very desirable as trimming as well as bands of thin flowered organdie and lawn. Sets of all over flowered organdie, lawn, and chiffon are lovely beyond words and also beyond price except for the handy home dressmaker who can copy these expensive imported delights for little or nothing as the flowered material especially requires little trimming save a narrow lace beading or a tiny edge.

The envelope chemise is perhaps the most popular of the many novel cuts. It is a regulation chemise down to the knee when the back of the skirt part is narrowed into a flap effect that passes between the knees and fastens up on the front of edge

of the skirt a la envelope. The combinations of flesh color chiffon, accordinian plaited and guiltless of shoulder straps that are held up over the bust and under the arms with an elastic band around the top are very practical for the transparent and lowest evening bodices now in vogue.

The three striking characteristics that differentiate the lingerie of today from that of yesterday are, first simplicity of cut and trimming in lieu of the fluff and flubdub of the lace frilled things we used to wear; second, use of colored and figured material, and third, sheerness and transparency. Nowadays underwear does not conceal anything—not even its real name.

Organdie not only plays an important part among the lingerie this season but also as a frock accessory. No matter of what material your gown, taffeta or crepe, gabardine or cotton fabric, it must have a touch of sheerest white organdie either as a surplice front, a gladstone collar, or puffed undersleeves.

Paris muslin which has all the transparency and the general effect of organdie and which can be laundered much more successfully is a wiser substitute for the thrifty however. As a hem on such thin material never looks well to be really smart and correct the edges of your collar, sleeves and surplice must be finished with hand-done picot edge. For the very, very hot days to come adorable fluffy whole frocks of organdie especially is ideal for the ruffles and puffs of the moment and as cool as it is charming.

If You Have or Know of a Delicate Child Read This Letter.

"My little daughter Louise, age 9 years, has always been delicate, anaemic, had no appetite and seemed listless and we could not seem to find anything that would help her, until we were advised to give her Vinol. She started taking it six weeks ago and inside of two weeks she showed a marked improvement both in appetite, vim and looks. Being so well pleased with the results, I continued giving it to her, and words fail to express my gratitude, and faith in Vinol both as a blood maker and body builder. As my child was an anaemic for so long makes the reason all the stronger for me to recommend it to others in similar condition." Geo. E. Munro, Brooklyn, N. Y.

Vinol restores health and strength in conditions like this because in a natural manner it increases the appetite, tones up the digestive organs, enriches the blood and strengthens every organ of the body.

Every bottle of Vinol is guaranteed to give satisfaction or money refunded. F. B. Johnson & Co., Druggists, Rushville, Ind.

IF BACK HURTS BEGIN ON SALTS

Flush the Kidneys at once when Back-achy or Bladder bothers—Meat forms uric acid.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

Militant Suffragette Adds to Uproar at London Trial Today.

(By United Press.)

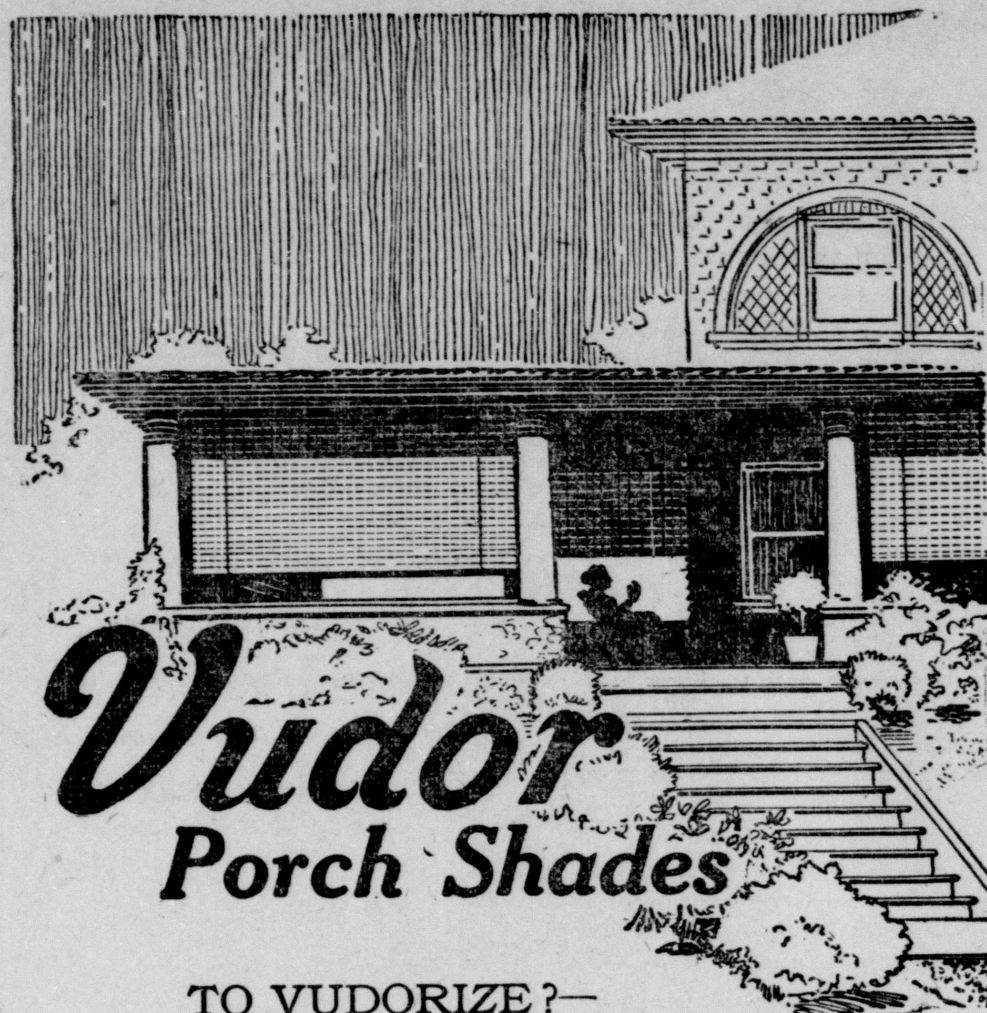

London, May 22.—Continuous uproar became so uncontrollable that the magistrate was forced to order the court cleared marked the trials today in police court of the 66 militant suffragettes and two male sympathizers arrested yesterday in the riot around Buckingham palace. A militant spectator threw her shoe at the magistrate. It narrowly missed him.

NOT STRONG FOR AMERICAN BANDS

Mexicans Think Marine's Music too Loud and Besides They do Not Like Ragtime.

ARKANSAS FLIES RED FLAG

This Gory Emblem Caused Every one in Vera Cruz to Get Excited Until They Learned Cause

BY BERNARD RUCKER
(By U. P. Staff Correspondent.)

Vera Cruz, May 15.—(BY MAIL) The native impresarios already have begun to cater to the Americans. Several nights ago the Salon Olympia—Olympia Theatre—gave an entertainment to which all Americans were bidden. Handbills printed in both Spanish and English were scattered throughout the city, announcing three would be "At 7 P. M. and 11 P. M. a Magnificent Exhibition of the most sensational films exceptional vaudeville Los Porleyes greatest European acrobatic dancers they will present their hilarious Bull Fight in which their famous dog Neron plays most important thought prices 1P 20 and 40 mex."

The Olympia was only the pioneer of the amusement resorts. As soon as the other impresarios saw the yellow handbills of the enterprising Olympia manager, they turned green with envy and soon the streets of Vera Cruz were fairly avalanched with dodgers on paper of every possible color and most flamboyant type, advertising in the most amazing English entertainments of every description from moving pictures of the taking of Vera Cruz to fancy dancing and bull fights.

Vera Cruz is a "good show town" in the parlance of Longacre Square. There are half a dozen theatres and innumerable moving picture shows. The Vera Cruzans like to be amused. They like everything except work. There is not an hour in the day—except the inviolate "siesta" when there is not a band concert of some kind going on some where.

The other day the U. S. Arkansas, flagship of the Rear Admiral Badger, commander-in-chief of the Atlantic fleet was flying a red flag. Observers who saw the gory emblem did not know if the crew had mutinied or whether Emma Goldman was a visitor aboard. A flag officer finally set anxiety at rest by explaining that a warship flies the red flag when she is taking on oil and gasoline. The flag means there must be no smoking aboard during the process. The order is one of the strictest in the navy and applies to bridge, wardroom and galley.

The Standard Oil tank Winifred strayed into harbor and the flagship immediately ordered her alongside to supply gasoline for the numerous smallboats constantly plying between the flagship and the shore.

The vast array of ships in the harbor have been busy every moment since they dropped anchor. First they coaled and then took on provisions from the Celtic and now they are taking on oil and miscellaneous supplies. A dreadnaught of the type of the Arkansas burns up 25 tons of coal a day while at anchor. This is necessary to operate the water service, lights, machinery for hoisting, etc. Since the curfew was lifted there has been a fleet of small boats going ashore at six o'clock each morning from the warships, carrying the stewards. They go to the Mexican markets and buy fresh fruits and vegetables for the ships' messes.

"I wish we would get to go home before the new wears off this war. We'd be heroes then and get SOME reception," a blue-jacket from the Florida said today. "If we sit down here watchfully waiting for months the girls will forget all about the fight and we won't get any welcome at all. This is the attitude of all the blue jackets. They are mere boys, their average age being nineteen, and they have all the characteristics of the average American

boy. As long as there was excitement and novelty they were satisfied with Vera Cruz and had no thought of Sand Street, Brooklyn. But now that things have settled down to routine and the boys have the prospect before them of remaining on ship board in the Vera Cruz harbor, they are openly expressing their desire to go back home. The two days of fighting was the first any of them ever saw and they want to get back to their relatives and sweethearts while their glory is fresh.

"From John Smith, Vera Cruz Mexico U. S. A." is the way nearly all the marines and blue jackets are now marking their mail to the States. When the flag was formally hoisted and saluted, the navy men became convinced that the United States had taken complete possession of this territory to hold for all time and they regarded Vera Cruz as United States ground. Some of the more enterprising of the boys today were making inquiries as to how to buy land in Vera Cruz and secure title to it. They were informed that any realty deal in Vera Cruz at this chaotic time would be a bit risky.

The Mexicans are very fond of music and they are used to listening to it all day long and half of the night, but they have not yet come to approve of the American marine bands which give concerts daily in the Plaza and at the Terminal. The natives think the American music too loud and they do not care for ragtime. The navy bands play "Get Out and Get Under" so it can be heard a mile away. The Mexicans like grand opera played softly. According the past two days native string bands have been going about the streets playing in the cafes. They play such things as "La Poloma," the sextette from "Lucia" and the like. No matter how the listening Americans are enjoying the latest tango or maxixe rag in the Plaza, if a soft pedal native orchestra strikes up any where in the town, the Mexicans quickly vanish from the Portillos and gather where their own music is dispensed.

PLAN TO ATTEND IN BODY

Knights Templar Will Hear Ascension Day Sermon by Dr. Tevis.

Members of Rushville Commandery, No. 49, Knights Templar, will observe Ascension Day Sunday by attending the morning services at the St. Paul M. E. church. The sermon will be preached to the Knights by the Rev. V. W. Tevis, past prelate of Rushville commandery and past eminent commander. The Knights Templar always celebrate either Easter or Ascension Day. In the past the commandery here has attended Easter services, but this year the rule was changed.

FALLING HAIR AND ITCHING SCALP

Needless—Use Parisian Sage.

Now that Parisian Sage can be had at any drug counter it is certainly needless to have thin, brittle, matted, stringy or faded hair. No matter how unsightly the hair, how badly it is falling, or how much dandruff, Parisian Sage is all that is needed. Frequent applications and well rubbed into the scalp will do wonders—it acts like magic. The hair roots are nourished and stimulated to grow new hair, itching scalp, dandruff and falling hair cease—your head feels fine. Best of all, the hair becomes soft, fluffy, abundant and radiant with life and beauty.

You will be surprised and delighted with Parisian Sage. Try at least one fifty cent bottle from F. B. Johnson & Co they will refund the purchase price if you are not satisfied.

REPORTS TRIP TO CONGRESS

Mrs. Sarah Guffin, Regent of D. A. R. here, Gives Detailed Statement of National Meeting of Society.

AT THE SESSION THURSDAY

Mrs. William Dill and Mrs. Albert Allen are Elected Delegates to State Conference at Ft. Wayne

At the regular meeting of the Rushville chapter of the Daughters of the American Revolution, held yesterday afternoon at the home of Mrs. A. L. Gary, Mrs. Sarah Guffin, the regent, made a report on her trip to the twenty-third congress of the D. A. R. Mrs. William Dill and Mrs. Albert Allen were elected delegates from the local chapter to the state conference which will be held at Fort Wayne next fall. Yesterday's was one of the best meetings ever held. Refreshments were served in the afternoon. Mrs. Guffin's report consisted for the most part of newspaper clippings of the various features of the congress. She described in detail the many social functions which were held in honor of the visiting daughters. Mrs. Guffin said in part:

"This report is mostly newspaper clippings as it is more condensed than I could have written in a hurry. "After a delightful trip, meeting many delegates that I knew, we arrived in Washington Saturday afternoon. Taking an auto we went at once to Memorial Continental Hall where we secured our credentials, then hurried back to our hotel and were soon started on the social part of the weeks' program. "Sunday I attended church and in the afternoon, with several of the Daughters, went to Arlington, the National cemetery. I heard the Marine band all evening at the Shoreham Hotel where I stopped. Pre-Shrunk Wash Skirts

For style and service select a Wash Skirt made in the Wooltex work rooms.

The wash skirts pictured were designed and made by the same artists of design, tailored in the same wholesome and sanitary work shops that produce the beautiful Wooltex coats, suits and skirts—the highest type of outer garments for women.

¶ The materials used in these skirts have been pre-shrunk, by a special process, and this constitutes an important advantage over skirts not so treated.

¶ You will find these skirts of unusual attractiveness and wearing quality, as well as reasonably priced.

ANOTHER AMERICAN SHOT

Official Report Received of Killing of Dick Urban by Mexican.

(By United Press.)

Washington, May 22.—Another American, Dick Urban, has been shot down in Mexico, according to an official report received today by the state department. The report reads: "Urban, American, was killed 18 miles west of Nacoziari, in the state of Sonora. George Cooper, his partner, was with him, but escaped unharmed. Cooper states that the Mexican shot Urban down from concealment in a house without provocation."

An investigation has been ordered.
